

Chain Lock GRANIT CityChain XPlus™ 1060

Technology

- 10 mm hexagonal chain with textile sleeve to protect against damage to the paintwork
- ABUS Power Cell technology offers the highest level of protection against impacts and attempts to break the lock open
- ABUS Power Link technology enables the chain to be connected directly to the Power Cell
- Interwoven coating of the lock body to protect against brutal methods of attack
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel
- ABUS XPlus cylinder for the highest level of protection against tampering, e.g. picking
- Cover to protect the keyhole from contamination

Operation and use

- Excellent protection where the risk of theft is high
- Ideal for securing high-value bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object

Transport

- Easy to transport as the chain can be wrapped compactly around the seat post (for length 85 cm)

Tips

- The lock can be ordered keyed alike with other locks, all of which are operated using the same key or locking method
- Very easy handling, because only one end of the chain has to be locked
