Solar Net Sport Jacket

Spidi Solar Net Sport is a new three-season jacket designed with the option to add either a waterproof or thermal liner, should the rider wish to wear it during the cooler months. It has a primary chassis of highly abrasion and puncture resistant mesh fabric, with airflow panels across the chest, arms, and back to provide a constant flow. CE Level 1 Warrior Lite and Forceteck armor is included in the elbows and shoulders, and there's a pocket for an optional back protector (sold separately).

The jacket is CE certified to the prEN 17092-4:2017 Class A standard, and it includes both a clip to attach a pair of jeans or riding pants and reflective sections to improve nighttime visibility. In order to ensure a tailored fit, the waist and cuffs are adjustable.
