Sport Warrior Tex Jacket

Spidi Warrior Tex jacket was developed for riders who want world-class protection built into a versatile jacket that can be worn on a daily commute, then worn on the weekends when out carving through mountain passes. The primary chassis of the jacket is made from technologically advanced modern Tenax Polyamide materials. There are flex sections for ease of movement and Warrior protectors on the shoulders (external).

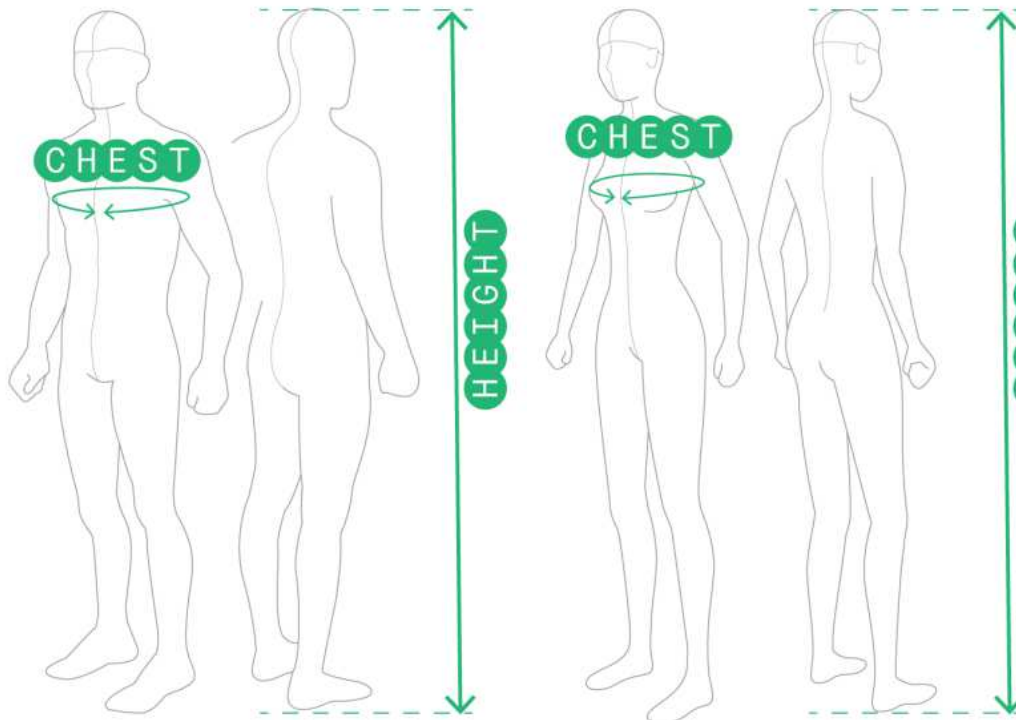

Removable EN1621-1 certified Forcetek protectors are fitted in the shoulders and elbows (internal) and the jacket has pockets ready for either the Level 1 or Level 2 certified EN1621-2 Warrior back protectors, the EN1621-3 certified Warrior Chest protector, and the EN1621-3 certified Thorax Warrior protector, all sold separately. Inside the jacket you'll find a breathable mesh liner and a series of vents to allow cooling airflow when needed. For safety there is a clip to attach motorcycle pants or jeans, reflective sections for night riding, and the jacket is certified to the prEN 17092-3:2017 Class AA standard.

Both waterproof and thermal liners can be bought separately for the Spidi Warrior Tex, allowing three or four season versatility depending on the local climate.

BODY MEASUREMENT CHART

Measurements are to be taken without any clothes.
